Report **of** **The Events Organized During Teaching Internship Period**

Bhavan's Tripura College of Teacher Education (BTCTE) organizes an internship programme in two segments. The first one is of four weeks' 'School Based Activity' that occurs during the 2nd semester and the second segment is of sixteen weeks' "Internship Programme" that is done in the 3rd semester. During the first four weeks of the programme, the trainees plan and schedule different academic, cultural and sports events in schools to engage their students. The trainees also plan and execute different community related events. They teach and help the students to build teams and help them to participate in different kinds of activities. The trainees also get involved in some preparatory arrangements like creation of wall magazine, art competition, dance/drama etc. and conduct or execute the events successfully.
